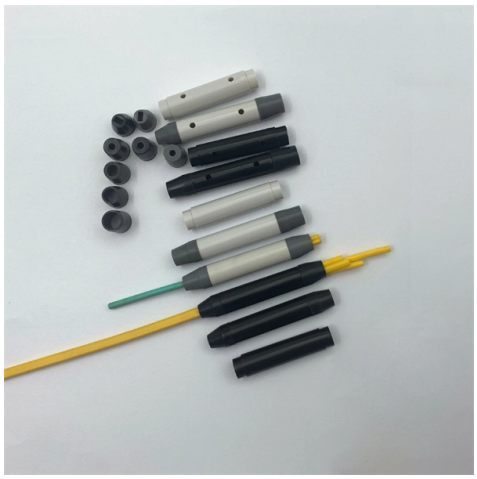
# 48-core optical cable manufacturers



## Overview

OPGW 48 Core Optical Fiber CableZion Communication is a leading China manufacturer of OPGW 48 Core Optical HES 48 Core Steel Armored Fiber Optic Cable OM3.

## Key Takeaways

48-core optical cables are available from multiple manufacturers worldwide, including OPGW and standard fiber optic types, with options for customization and high-capacity data transmission.

### Key Manufacturers and Suppliers

Zion Communication – Offers OPGW 48-core optical fiber cables suitable for overhead power transmission lines. These cables combine lightning protection with high-speed communication and are customizable in fiber type (e.g., G. 652D, G.

655), sheath, and armor layers. They provide options for aluminum-clad steel or stainless steel tube designs for different environmental and mechanical requirements. Huadong Cable Group – Provides 24 and 48-core fiber optic cables with custom design options.

They can tailor cables to specific project requirements, including fiber count, protective layers, and environmental suitability. They support OPGW and standard fiber optic applications. Dosense Cable – Specializes in 48-core OPGW optical cables for power transmission networks.

These cables offer high data transmission capacity, lightning protection, and integration into smart grid systems. They are designed for both monitoring and control applications in energy infrastructure.

### Made-in-

China Suppliers – A wide range of 48-core optical fiber cables is available from Chinese manufacturers, including indoor, outdoor, armored, and FTTH drop cables. These suppliers offer single-mode and multi-mode fibers, OEM/ODM services, and various cable constructions such as ADSS, GYTA, and loose tube designs. Mouser Electronics – Provides 48-fiber optic cables with inventory, datasheets, and pricing for immediate procurement.

This is suitable for smaller-scale projects or rapid deployment needs. Considerations When Choosing a ManufacturerCable Type: Decide between OPGW (for power line integration) or standard fiber optic cables (for telecom or data networks). Fiber Type: Single-mode (G.

652D, G. 657A1/A2) or multi-mode depending on distance and bandwidth requirements. Environmental Conditions: Stainless steel tube designs are better for coastal or industrial areas, while aluminum-clad steel is cost-effective for standard environments.

Customization: Many manufacturers allow adjustments in fiber count, sheath material, armor, and accessories to meet project-specific needs. Standards Compliance: Ensure cables meet international standards such as IEC 60794 and IEEE 1138 for quality and reliability. These manufacturers provide a range of 48-core optical cables suitable for high-capacity communication, smart grid integration, and long-distance data transmission, with options for both standard and extreme environmental conditions.

24 Core and 48 Core Fiber Optic Cable

Fiber optic cable is a cable containing one or multiple optical fibers that are used to transmit the signal. The optical fiber elements are typically individually coated

48 Core Optical Fiber Cable Suppliers, Manufacturer, Distributor ...

Alibaba offers 336 48 Core Optical Fiber Cable Suppliers, and 48 Core Optical Fiber Cable Manufacturers, Distributors, Factories, Companies. There are 253 OEM, 215 ODM, 51 Self Patent.

48 Core Optical Fiber cable

Shop 48 Fiber Metallic Armored OFC cable at best price (Optical Fiber Cable) for high-speed, long-distance data transmission. Durable and

48 Cores GYTS Fiber Optic Cable Stranded Steel Tape

*© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved*

48-Cores GYTS Fiber Optic Cable from MeFiberOptic is designed for outdoor telecommunication and backbone networks. It is a loose-tube cable with steel tape armor, providing

48 Core Fiber Cable Manufacturers & Suppliers

48 core fiber cable manufacturers/supplier, China 48 core fiber cable manufacturer & factory list, find best price in Chinese 48 core fiber cable manufacturers, suppliers, factories, exporters & wholesalers

2120148-4 | CommScope

Fiber Optic Outside Plant Cable, 48-core, ECSS (Electro Chrome Coated Steel) Armored, Loose-tube, Gel-filled, 9/125 µm, OS2, Singlemode, Black cable jacket. Click on image to enlarge.

48 Core Optical Cable

48 Core Optical Cable - China Factory, Suppliers, Manufacturers With advanced technologies and facilities, strict good quality manage, reasonable rate, superior assistance and close co-operation

Fiber Box Manufacturer & Supplier

Gcabling: preferred optical distribution box supplier Gcabling specializes in providing one-stop solutions for the last 1KM network cabling! Our company has a

China Top 10 Fiber Optic Cable Manufacturers in 2025

The fiber optic cable industry in China has solidified its position as a global powerhouse, driving the expansion of high-speed networks, 5G

Fiber Optical Cable Corporation & Manufacturer

Weichuang Optics, a leading optical cable corporation, serves as your trusted supplier. Discover latest fiber optic cables in 2024 with patents certified.

GYFTY Fiber Optic Cable Price & Datasheet

12-24-48-72-144 Core GYFTY Fiber Optic Cable FRP non-metallic Single Jacket Waterproof Dielectric Loose Tube ? Price For Sale and Specifications ina

MarketsandMarkets

Revenue Impact Firm - MarketsandMarkets offers market research reports and quantified B2B research on 30000 high growth emerging opportunities to over 10000 clients worldwide. Get detailed insights

Gcabling GYXTC8S Fiber Optic Cable Mini Figure 8 Steel Armored

*© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved*

Discover Gcabling GYXTC8S Fiber Optic Cable Mini Figure 8 Steel Armored Aerial Self-supporting (Model: 20304-029-1) . Engineered for high-speed connectivity and maximum durability in

48 Core Fiber Optic Cable GYTY53 Outdoor Armored

Description of 48 Core GYTY53 fiber optic cable Fiber optic cable GYTY53, 2~144 fibers, central strength member (steel), jelly filled, fiber contained loose tube and

GYTA53 Fiber Optic Cable (Direct buried)

Deploy robust fiber networks underground with our GYTA53 Direct Buried Fiber Optic Cable. Featuring a Double Jacket (PE) and Double Armor (Aluminum + Steel) construction, this cable offers superior

Fiber Optic Cable Core: Understanding Its Types and Uses

A 48-core Fiber cable is ideal for extremely high bandwidth connections. These are the cables that are used by large businesses, internet service providers, cloud service companies, and

12 Core Fiber Optic Cable, Unarmoured, 1km

Here all new unarmoured 48 core multitube fiber optic cable. Outer a grade fresh hdpe with 6 multitube. Product come with otdr report. Available in wooden drum packing.

OPGW Fiber Optical Cable Manufacturer High Quality

The optical fiber is sheathed in a tube made of stainless steel, the tube is surrounded by aluminum-clad steel wire (AS wire), and the outer layer is
