144-core 655 optical cable

Overview

This cable has been designed for long-haul transmission networks. The fiber count can range from 4-144. This specification covers Optical Ground Wire Cables (OPGW) for the installation on high voltage overhead power lines. It is applicable to new aerial power route to satisfy the needs for big conductors and high voltage transmission, and is used to conduct large fault. Fiber Optic Cable OPGW Central Stainless Steel Tube Aluminum Single Mode 24core The OPGW cable is wrapped by metal wire, which makes the cable more reliable, stable and firm. It can receive various. Micro-Lite cable can be utilized in existing and new duct systems more effectively by accommodating more fibers in each subduct network. Existing customers can access our Customer Support Portal or see here for Product Documentation and Installation Instructions. Molex CES outdoor OS2 micro lite. Wooden/Iron drum or customized for product named as Overhead 12 To 144 Core G655 Single Mode Ftth 24 Core ADSS Fiber Optic Cable Price With Wooden Drum Packing. Shanghai or Ningbo port in China or any port as customer's need.
