Cable tray special nut accessories

Overview

Other add-ons include plastic nuts, bolts, swift clips, wire baskets, couplers, tees, crosses, and brackets. These fittings are used in conjunction with cable trays to support cables in ventilation holes, assist with directional change of piping systems, and aid cable. Cable tray systems play a pivotal role in organizing and supporting cables, and their efficiency is further optimized with the use of high-quality accessories. At ChannelandTray, we offer a comprehensive range of cable tray accessories designed to enhance the functionality and durability of cable. In addition to the covers, optional accessories in various materials and coatings are available to supplement the cable support system, e. gutter connectors, connecting plates, separating strips and protective rings. Stainless steel fixing bolts and nuts complying with BS EN 10088-2 Grade 1. 4401 (ASTM Grade 316) shall also be supplied. Straight cable tray shall be supplied in standard lengths. Quest offers a full line of cable tray accessories.
