48-core optical fiber cable connector package

Overview

The opticalCON MTP® cable connector accommodates 48 optical fibers (multi mode PC) based on conventional and proven MTP® connectivity protected by a ruggedized and durable all-metal housing. Assembled, rugged and lightweight 48-channel mobile field cable, excellent cable retention due to aramid yarn, black PUR outer jacket, available in multi mode (PC). You are about to download a machine translated document. Each 48 Fiber MPO cable is able to consolidate the amount of multifiber cable assemblies into a single harness, eliminating unnecessary clutter and heft from congested networking racks. The optical 48 core splice closures are designed for distributing, splicing, and storing outdoor optical cables. Material: Made. Streamline your data center cabling with the 48-Core MPO/MTP® Female Trunk Cable.
