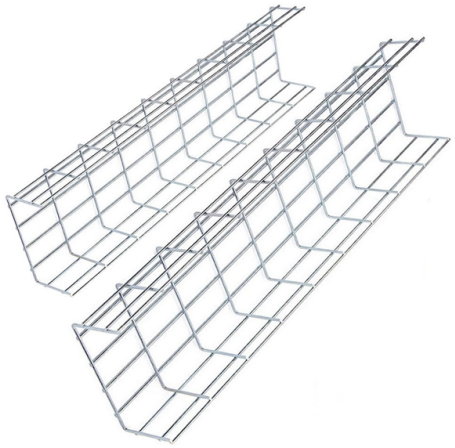
Belarusian Blue Laser Diode Module



Overview

Blue Laser Modules are fully self-contained with an integrated precision temperature controller (TEC), laser driver circuit, polished glass aspherical lens, and laser diode in a compact package with wall-plug power supply. Fiber-coupled laser diode, superluminescent diode and photodiode modules Equipment manufacturers from all over the world select our products. Manufacturing takes place in a clean zone with all ESD safety. BWT has design, development and manufacturing experiences of nearly 20 years in the field of fiber coupling diode lasers. Such diode lasers can be widely applied to numerous fields, such as fiber laser pump source, solid laser pump source, industrial processing, cosmetic plastic surgery, night. Blue lasers (445-465 nm) contain directly-emitting diodes and produce an optical output power of up to 10 W. As a standard, this laser comes with a fiber connection. A development kit is available. ProPhotonix' compact blue laser modules at 450nm laser and 488nm provide an ideal solution to a wide variety of applications including alignment, projection and display, 3D printing, bio-fluorescence spectroscopy, and confocal microscopy, particle measurement and metrology. Precise TEC temperature control results in excellent power and wavelength.

Article Content

Diode Laser_Products_BWT

Based on industrial accumulation for years, BWT has provided clients with customized solutions for laser systems. Diode laser subsystem is available for

Blue High-Power Lasers

As a standard, this laser comes with a fiber connection. A development kit is available for users with immediate application needs. In addition to laser

Compact Blue Laser Diode Modules

Configure the right blue laser module for your application from a wide range of laser module platforms with wavelength, beam shape, output power, and electronic

Amazon : Blue Laser Diode

Laser Diode 30Pcs 5V 650nm 5mW Mini Red Dot Laser Head, 6mm Outer Diameter Laser Module with Leads, for Arduino Laser DIY Electronics Projects, High-Stability Red Laser Diode

Blue Laser Diode Modules

Blue Laser Modules are fully self-contained with an integrated precision temperature controller (TEC), laser driver circuit, polished glass aspherical lens, and laser

Blue Laser Diode Modules Online | World Star Tech

High-performance blue and violet laser modules for precision applications. Explore solutions designed for unmatched accuracy. Power your projects!

Laser Diodes from Manufacturers in Belarus

86 Laser Diodes from 1 manufacturer listed on GoPhotonics. Search by specification. Selected filters - Country : Belarus, Page-1

High-Powered Diode Lasers—New, Bright and Blue

Blue diode laser designs with kW powers are advancing in industrial processing applications, including cutting, welding and foil joining of copper and

UV Blue Laser Diode Module

IADIY created blue laser module and white laser module based on the blue laser diode. We also provide white laser illumination, laser spot light module. The blue

Quality Diode Laser Module & Fiber Coupled Diode

© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved

China leading provider of Diode Laser Module and Fiber Coupled Diode Laser, BWT Beijing Ltd. is Fiber Coupled Diode Laser factory.

405nm Violet Laser Diode Module

405nm violet laser modules from Berlin lasers combine the genuine quality 405nm violet laser diode with qualified cylindrical lens, constant current electric circuit

Amazon : Blue Diode Laser

445nm 450nm Blue Line Module Generator Projector Diode for Positioning Laser Alignment Locator for Wood Stone Fabric Cutting Laser Swamp DC5V (Blue Line) Add to cart

Blue Laser Diode Modules Online | World Star Tech

Blue laser modules are available at 375 nm, 405nm, 440nm, 473nm and 488nm wavelengths. Blue Laser Modules are fully self-contained with an integrated

Laser Diode Modules, Laser Modules, Diode Module

All laser sources pass through optimization of thermal stabilization, protection under shock or vibration, generating stable laser light source emitting. Laser diode

Blue Laser Diode Module for sale | eBay

Get the best deals for Blue Laser Diode Module at eBay . We have a great online selection at the lowest prices with Fast & Free shipping on many items!

Blue Laser Module

Blue laser module employs formal copper material import 445nm blue laser diode and thermal control system, getting highly stable and reliable blue laser dot alignment in various industrial

Blue Violet Laser Modules

Blue laser modules in 405nm, 440nm, 473nm and 488nm wavelengths. Blue Laser Modules are fully self-contained with an integrated temperature controller (TEC),

405nm BLUE VIOLET

Fully-Customizable Diode Laser Modules Diode Laser Concepts, Inc. has added 405nm blue-violet diode laser modules to its standard product oferings. These 405nm modules are available in all of
