Botswana Data Center Solution Project Implementation

Overview

A new partnership between Netherlands-based energy developer AAAS Energy and U. data center provider ChillMine Corporation is set to bring a large-scale, green-powered data center campus to Botswana. Data Solution Botswana Pty Ltd Established in 2020. We supply high quality products and facilities. Botswana has launched its first national data center. The Tier-III certified Digital Delta Data Center (DDDC) is fully owned by Botswana's government and will be operated under BoFiNet, one of the country's telcos. From left to right: BoFiNet Acting CEO Keabetswe Segole, Botswana Minister of State President Moeti Mohwasa, Botswana Minister of Communications and Innovation. This report is part of a series of market briefs developed by Xalam Analytics at the behest of Digital Investment Facility (DIF) under the Data Governance in Africa Initiative, on the data center market opportunity in sub-Saharan Africa (“SSA”).
