Fiber Optic Cable 24-Port Distribution Frame

Overview

The 24 port fiber optic ODF unit is the convenient cable management for fiber connections, supervising and maintenance. All kinds of types and specifications are available. Its box body is made of high quality cold-rolled steel material, and the surface of the product uses smooth electrostatic praying processing. The enclosure has a swing-out door with a padded lock. ✔ 12 to 144 port configurations for scalable fiber connectivity and management ✔ Includes SC pigtails and couplers for quick plug-and-play installation ✔ Cold-rolled steel housing is durable, rust-resistant, and fits 19-inch racks ✔ Supports high-speed cabling and is compatible with OM1/OM2. Optical Distribution Frame (ODF) 1U, 24 Ports SC Simplex for 24 Fusions 1U Economic Optical Distribution Frame for 24 SC ports or double LC, with 2 joints fasteners and accessories to organize the fibers. Protect and organize your joints and fiber optic connections with the accessories included in. SJ-ODF-24 ODF 24 core, 24 port ODF is designed to deliver power to multiple appliances.

Article Content

AMPCOM Optical Distribution Frame (ODF), 24-Port

AMPCOM 24-port ODF supports SC multimode fiber with pigtails and couplers, cold-rolled steel housing, and pull-out splice trays. Ideal for scalable fiber

ODF 24 Ports SC SX and 24 Fusions 1U

Optical Distribution Frame (ODF) 1U, 24 Ports SC Simplex for 24 Fusions 1U Economic Optical Distribution Frame for 24 SC ports or double LC, with 2 joints

SJ-ODF-24 ODF 24 Core, 24 Port ODF

Fiber Optical Distribution Frame is an optical distributed networking system that provides a high-speed digital connection to all network interface port devices

24 port fiber optical distribution frame

A wide variety of 24 port fiber optical distribution frame options are available to you, such as wifi, wireless lan and wired lan.

Optical Distribution Frames (ODF) Supplier | Fiberinthebox

Optical Distribution Frame (ODF) is integrated components in any fiber management system to handle termination and cross-connection of cables. Pre-terminated ODFs with cables are pre-installed with

19 inch 24-port LC ODF optical fiber distribution box

An optical distribution frame (ODF) is a frame used to provide cable interconnections between communication facilities, which can integrate fibre splicing, fibre

Fiber-optic cable

A fiber-optic cable, also known as an optical-fiber cable, is an assembly similar to an electrical cable but containing one or more optical fibers that are used to carry light.

Fiber Optic Cable Supply | Buy Fiber Optic Products

Shop for fiber optic cables at Cables Plus USA, leader in fiber optic products supply offering high-quality products at the best value through our fiber optic cable

Buy ODF 72 Port Price | Durable Fiber Optic Patch Panel

Discover premium 72 port ODF at competitive factory prices. High-quality fiber optic distribution frames for FTTH, data centers, and telecom networks. ROHS certified.

Structured Cabling Solutions

© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved

ICC is a structured cabling solutions manufacturer of copper & fiber optic connectivity products for commercial & residential applications.

Global IT Products & Network Solutions Provider | Black Box

Black Box provides cutting-edge IT solutions and technology products to businesses worldwide, ensuring innovative and reliable services for global digital transformation.

Small Form-factor Pluggable

Small Form-factor Pluggable connected to a pair of fiber-optic cables Small Form-factor Pluggable (SFP) is a compact, hot-pluggable network interface module

Optical Fiber | Optical Fiber Products | Corning

Optical fiber broadband brings together a culture of innovation, quality, and manufacturing excellence to create life-changing products.

Optical networks

An optical transport network is a high-speed communication system that sends light signals over fiber-optic cables to move large amounts of data across long

Optical Distribution Frame,24 Port Fiber Optic ODF

The 24 port fiber optic ODF unit is the convenient cable management for fiber connections, supervising and maintenance. The front panel is with 24 ports and this fiber optic ODF can fit different kinds of

24-port pull-out distribution frame

24-port ODF fiber distribution frame application scenarios 24-port pull-out patch panel splice closures are widely used in outdoor applications and harsh environments in today''s fiber optic

Optical fiber connector

An optical fiber connector is a device used to link optical fibers, facilitating the efficient transmission of light signals. An optical fiber connector enables quicker

Passive optical network

Passive optical network A fiber optic cable assembly with SC APC connectors, as commonly used to link optical network terminals to passive optical networks A
