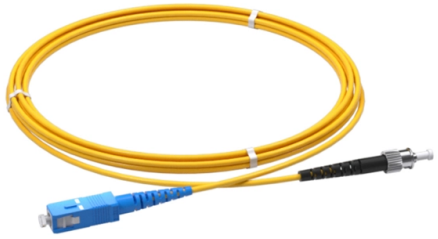
Fiber Optic Cable Accessories



Overview

With our high-quality fiber optic cables and products, you can achieve a professional and stable IT infrastructure.

Key Takeaways

Fiber optic cable accessories include connectors, cleaning tools, couplers, splice boxes, and installation kits essential for network setup and maintenance.

Key Types of Fiber Optic Accessories

Connectors and Adapters: These include LC, SC, ST, FC, MU, and MPO connectors, which are used to terminate fiber cables and ensure secure, low-loss connections. Adapters and couplers allow two fiber cables to be joined, supporting both single-mode (SMF) and multimode (MMF) fibers. Cleaning Tools: Maintaining fiber performance requires cleaning accessories such as fiber optic contact cleaners, cleaning pens, and polishing films.

These tools remove dust and contaminants from ferrules and connector end faces, ensuring optimal signal transmission. Splice Boxes and Enclosures: Fiber splice boxes protect spliced fibers and provide organized routing for network distribution. They are essential for both indoor and outdoor installations, offering protection against environmental factors.

Fusion Splicers and Termination Kits: Fusion splicers join two fiber ends with minimal loss, while termination kits include tools for stripping, cleaving, and preparing fibers for connectors. Advanced splicers, like AFL's 100S Fusion Splicer, automate alignment and fiber-length adjustment to improve efficiency and reduce errors. Pulling and Installation Accessories: Accessories such as pulling eye hooks, cable ties, and trays facilitate the installation of fiber cables in conduits, racks, or overhead pathways.

Converters and Media Adapters: Fiber multimode converters (e.g., 100TX to 100FX) allow integration between fiber and copper networks, supporting Fast Ethernet and other protocols.

Additional Tools and Consumables

Tool Kits: Comprehensive kits include fiber strippers, cleavers, crimpers, and screwdrivers for installation and maintenance. Polishing Film and Replacement Parts: Used for finishing connector end faces and maintaining tool kits over time. Test and Inspection Equipment: Optical power meters, visual fault locators, and microscopes help verify fiber integrity and signal quality.

Applications

Fiber optic accessories are used in data centers, corporate networks, campus networks, FTTx deployments, and industrial or utility networks. They support both new installations and maintenance of existing networks, ensuring high-speed, reliable data transmission. By selecting the appropriate accessories for your fiber type and network requirements, you can ensure efficient installation, minimal signal loss, and long-term network reliability.

CommScope features a family of tools and components for the installation, repair and maintenance of fiber cables, including prep and termination kits.

Fiber Cable Accessories

Extend your LC/SC Fiber Optic Cables length without replacing the original fiber cable. Durable and compact, high performance hybrid fiber optical adapter design with low insertion and return loss.

Fiber Optic Adapters, Fiber Optic Couplers

Get low-loss fiber optic adapters/couplers with good repeatability and durability for precisely mating two ends of a fiber optic cable. Multiple connector options

Fiber Optics and Accessories | Tools | DigiKey

They range from cleaning and polishing kits to full termination tool kits for nearly all common connection styles and core sizes of fiber optic cabling. Shop DigiKey''s

Fiber Optic Accessories & Cable Parts | Adapters,

Common fiber optic accessories include connectors, adapters, patch panels, and strain relief hardware. Fiber optic connectors provide secure and precise

Fiber Optic Accessories & Spare Parts

Fusion splicer power supplies, fiber optic connector cleaners, fiber cleaver blades, carbide fiber scribes, fiber couplers, OTDR launch cable boxes and replacement

FiberTek | A top supplier in fiber optic panels & cables

FiberTek provides fiber optic cables, fiber patch panel, fiber optic test equipment, fiber media converters and other fiber optic products since 1999.

Fiber Optic Tool Kits and Accessories

Choose accessories for your next fiber optic installation, including cable fiber access tools, tool kits, polishing film, cleaning accessories, and replacement pieces for previously purchased tool kits.

Fiber Optic Systems

Fiber Optic Systems Our extensive offering of fiber optic cables, connectors, cassettes, enclosures, patch cords, cable assemblies, cable distribution products

Fiber Optic Connectors, Termini, Cable Assemblies,
