Fire-resistant paint for cable trays

Overview

Most EPC specifications narrow the choice to two mainstream solutions: fire wrap systems (encapsulation) and intumescent fire-resistant coatings (reactive coatings). Both can achieve certified fire endurance, but they behave differently in real environments and during the lifecycle. ALTIC 007 is a water-based, intumescent fire retardant coating designed for cables, cable trays, and penetrations, providing up to 4 hours of certified circuit integrity as per NTH Mumbai testing. On exposure to fire, the coating expands up to 10 times its thickness, forming an insulating char that. AF CABLE COAT is a water-based fireproof paint that substantially delays fire by combustion of the insulating coating of electrical cables. It has a good permanent elasticity and follows the physiological movements of the cables depending on the temperature variations or vibrations. Effective protection of cable systems around the world: our tried-and-tested FLAMMOTECT-A and DG-CR 0.

ALTIC 007 Fire Stop Cable Coating | Intumescent Fire

ALTIC 007 Fire Stop Coating is specifically designed to address this challenge. It is a water-based, intumescent fire retardant paint that provides flexible, durable,

AF Cable Coat | Self-extinguishing paint for electrical

AF CABLE COAT is a water-based fireproof paint that substantially delays fire by combustion of the insulating coating of electrical cables. It has a good permanent

DC6150 Fire Retardant Coating for Electrical Cables

© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved

DC6150/DC310 Cable Coatings are non-halogenated, asbestos-free, non-toxic, flexible, ablative or intumescent, fire retardant cable coatings designed to

Fire Wrap vs Intumescent Coating for Cable Trays

Compare fire wrap and intumescent coating for cable trays by performance, ATEX suitability, climate durability, installation, maintenance, and

Fire protection for cables & cable trays | Flamro

Fire protection solutions to protect cables, cable trays and cable systems. Discover our tested cable coatings and fire protection bandages!

CharCoat Fire Retardant Paint for Wire & Cable

CharCoat CC is an Intumescent Latex and 100% UV stable, and can be applied to exterior cables (salt water exposure testing to FM3971 / UV stability test

Fire Retardant Paints for Wire & Cable | RDR Technologies

At RDR Technologies, we offer high-quality fire retardant paint that provides additional protection to electrical cables in buildings. Our products, ideal for contractors, painters, and new businesses, meet

Intumescent Fire Proof Coating For Cables

DC310 Cable Coating for wires and cable is developed using innovative intumescent technology. It is a heavy duty intumescent coating (intumescent paint) for interior applications used to effectively

FIA releases new technical bulletin on painting fire-resistant cables

This bulletin provides crucial insights into how different types of paint can impact the integrity and fire resistance of these cables. It emphasises that while water-based paints are less

CP 679A Plus fire protection cable coating

High-performance cable coating – CP 679A Plus is an ablative fire protection coating that retards flame spread on cables, suitable for indoor and outdoor use

custom-made-fire-resistant-cable-trays-in-sierra-leone Customer ...

All suppliers for custom-made-fire-resistant-cable-trays-in-sierra-leone Customer-specific manufacturer Find wholesalers and contact them directly B2B martketplace Find companies now!

Cable tray

© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved

Combustible cable jackets may catch on fire and cable fires can thus spread along a cable tray within a structure. This is easily prevented through the use of fire-retardant cable jackets, or fireproofing

price-of-paraguayan-fire-resistant-metal-cable-trays Manufacturer ...

30 suppliers for price-of-paraguayan-fire-resistant-metal-cable-trays Manufacturer/Producer Find wholesalers and contact them directly B2B martketplace Find companies now!

Fire Resistance Hot-Dip Galvanized Wall-Mounted Cable Tray for ...

Product Description: Cable tray is a specialized structural component that provides physical support and fire protection for cables. Its core value lies in the ability to maintain the integrity of internal cable

Price of kazakhstan trough type fire resistant cable trays Germany

All Companies and suppliers for price-of-kazakhstan-trough-type-fire-resistant-cable-trays Find wholesalers and contact them directly Leading B2B martketplace Find companies now!

How Fire Rated Cable Cleats Reduce Risk During Electrical Fires

Fire rated cable cleats reduce risk during electrical fires by securely anchoring cables to prevent sagging, short circuits, and premature collapse. Unlike standard supports, these fire-resistant

Price of paraguayan fire resistant metal cable trays Ankara

All Companies and suppliers for price-of-paraguayan-fire-resistant-metal-cable-trays Find wholesalers and contact them directly Leading B2B martketplace Find companies now!

Basor Electric

Basor Electric, sensitive to the need to minimize the consequences of a fire, has subjected its cable trays to rigorous fire resistance tests to ensure the behavior
