Distribution Box 6A

Overview

IP67 Distribution Box Cat.6A Product information for IP67 Distribution Box with 2xRJ45 Ports, Cat.6A, 2xM16 couplings Housing: Complete with 2 x Cat.6A RJ4.

Key Takeaways

A Distribution Box 6A is an IP67-rated enclosure designed for Cat. 6A RJ45 connections, providing secure, weatherproof network distribution for up to 2 ports.

Overview

A Distribution Box 6A is primarily used to centralize and protect network connections in environments where durability and protection against dust and water are required. These boxes are compatible with Cat. 6A cabling, supporting high-speed data transmission up to 10 Gbps, and are suitable for both indoor and outdoor installations.

Key FeaturesIP67 Rating: Ensures complete protection against dust and temporary immersion in water, making it suitable for harsh or outdoor environments. Port Configuration: Typically comes with 2 RJ45 Cat. 6A keystone ports, allowing connection of network devices or patch cables.

Cable Entry and Outlet: Equipped with M16 cable glands for secure cable entry and strain relief, maintaining the IP67 seal. Housing Material: Durable plastic or reinforced polymer construction to resist impact and environmental stress.

Po

E Compatibility: Many models support Power-over-Ethernet (PoE) applications up to 90 watts, suitable for powering devices like access points or IP cameras.

Applications

Network Distribution: Centralizes connections for workstations, access points, or VoIP devices, ensuring organized cabling and easy maintenance. Industrial and Outdoor Use: Ideal for factories, warehouses, or outdoor installations where exposure to dust, moisture, or mechanical stress is a concern. Flexible Installation: Can be mounted on walls, DIN rails, or used as a consolidation point in false floors or ceilings.

Installation Considerations

Ensure proper earthing to prevent electric shocks and short circuits. Avoid overloading the box to prevent overheating. Verify that the housing is intact and free from exposed contacts or bare wires.

Maintain compliance with ambient conditions specified by the manufacturer to ensure IP67 protection.

Summary

The Distribution Box 6A is a compact, robust solution for high-speed network distribution, combining Cat. 6A performance, IP67 protection, and PoE support. It is suitable for both professional IT environments and industrial applications, providing secure, flexible, and reliable connectivity.
