Distribution Box MBX

Overview

The N-IO-MBX-1 is a surface mount enclosure designed for housing modules requiring a DIN rail mount. It's main function is to facilitate the easy installation and protection of these devices, whist keeping cabling accessible, secure and neat in the provided cable trunking inside the enclosure. This cutting-edge technology enables operators to produce predefined solvent blends, with minimal manual intervention, ensuring consistency, accuracy, and operational. Do you have a question about the Liebert MBX and is the answer not in the manual?

Page 1 Liebert® MBX Busway System Installer/User Guide. Page 2 The products covered by this instruction manual are manufactured and/or sold by Vertiv. This document is the property of Vertiv and contains. Videotec industrial and explosion-proof video security cameras deliver reliable protection in harsh and hazardous environments.
