Power Distribution Box with 6 Circuits

Overview

This power distro box is designed to take 6 circuits via Socapex and distribute them into 12 Neutrik True jacks. Each circuit is labeled with its corresponding Socapex pin numbers allowing easy troubleshooting. □Waterproof IP66□It can withstand strong wave impact or strong water spray, and completely prevent dust from entering. Greatly improves the safety of the breaker. Impact resistance up to IK08 □Widely used□Suitable for outdoor installation, such as connecting solar energy, car charging posts, etc. PREMIUM CONSTRUCTION POWER DISTRIBUTION BOX: Crafted by WESTERN, the 6506TLSX Temp power box features a durable blend material for long-lasting performance in demanding environments. The IP66 rating provides superior protection against dust and water, keeping internal components safe even in harsh. The best-rated product in Breaker Boxes is the BR 125 Amp 6-Space 12-Circuit Indoor Main Lug Surface Cover with Ground Bar. Can Breaker Boxes be returned?

Yes, Breaker Boxes can be returned within our 90-Day return period. The box is built. A distribution box is a low-voltage electrical enclosure that receives incoming power and distributes it safely to multiple outgoing circuits through protective and switching devices such as MCBs, RCDs, RCBOs, fuses, isolators, busbars, neutral bars, earth bars, and surge protective devices.
