Nordic high-efficiency UPS system 50kW

Overview

Highly efficient, easy-to-deploy 50 kW, 208 V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical infrastructure in commercial and industrial applications. With the THOR II T50, EFFEKTA® offers a modern online double converter with 50-phase input and output in 3-level inverter technology, built with powerful 3 kW power modules. Intelligent battery management with a configurable charging mode ensures a long battery life. This scalable design reduces operational costs. Ideal for medium to large data. (1) The power module's rating is adjustable to 50 kVA or 55. DPH-500K can support 500 kVA / 450 kW with nine 55. (2) When input vTHD is less than 1%. Includes 5x8 start-up service and one. The brand-new Delta Modulon DPH series UPS achieves the industry's leading power density of 50 kVA / 50 kW per module, offering the smallest footprint and best space utilization.

Article Content

SKE Modular UPS 50KVA

It''s a green, reliable solution with high efficiency (up to 95%). Ideal for medium to large data centers, precision equipment, and telecom. Product Overview The SKE 50KVA Modular UPS offers

DPH Series UPS, Three Phase, 50

For region-specific product details and variations in specifications, please download the local leaflet or visit the local website.

GVSUPS50KRFS

Highly efficient, easy-to-deploy 50 kW, 208 V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical

Products

The brand-new Delta Modulon DPH series UPS achieves the industry''s leading power density of 50 kVA / 50 kW per module, offering the smallest footprint and best space utilization. The Modulon DPH UPS

Modulon DPH Series | Modular High Density UPS

Delivering an industry-leading power density of 50kW per power module and a compact footprint, the Modulon DPH ensures efficient power supply and robust protection for critical loads in data centers

Easy UPS 3-Phase Modular 50-250 kW UPS Technical Specifications

Here you can find your UPS installation manual, UPS operation manual, and UPS technical specifications, and you can also find installation manuals for your auxiliary products and options.

Eaton 93PM 480V 50 kW brochure

Up to 97 percent efficiency in double-conversion mode. Track statistics on energy savings, battery time and outages profile your load and much more with the friendly graphical LCD touchscreen interface.

50kVA Uninterruptible Power Supplies (UPS) For Sale | YorPower

Designed for large-scale applications, our UPS solutions offer advanced protection, energy efficiency, and seamless operation to ensure uninterrupted power for data centers, IT networks, and industrial

50kW hybrid solar inverter & high-voltage LFP battery

The 50kW energy storage system integrates safety, durability, scalability, and intelligent features, making it ideal for residential, commercial, and off-grid applications.

Nordic UPS Product Catalogue Upto40kVA

Eaton uses sustainable materials and highly efficient manufacturing technology to dramatically reduce the carbon footprint when compared to UPS systems on the

Eaton 93PM UPS 50kVA

© 2026 KENHARDT OPTICAL NETWORKS - All rights reserved

The Eaton 93PM UPS is a high power density solution. In a footprint of just 0.5 m2, it can provide full rated power and standard backup time with internal batteries.

Delta UPS Solutions

Delta UPS systems feature the following: Leading AC-AC Efficiency Fully redundant design and configuration High input and output power factors Easy expansion without additional hardware

Data Center and Facility 3 Phase UPS | Schneider

Explore a range of 3-phase UPS systems that deliver high availability and reliability with modular UPS and lithium-ion battery options. High-efficiency, fully

Modular UPS – Scalable & High-Efficiency Power Backup

Delta''s innovative modular UPS technologies provide the answer to customers'' demands for high power density, high power performance, and ultimate

Eaton 93PM G2 50kW UPS

The UPS system has one 50kW module and can support connected loads up to a maximum of 50kW. The 93PM G2 UPS series has several advanced features, high operating efficiency and a compact

SKE Modular UPS 50KVA

SKE Modular UPS 50KVA Capacity 50KVA/50KW, Rated Voltage 3*380/400/415VAC, Output/Input Phase 3 PH+N, 95.5% Efficiency

GE SG Series High Efficiency UPS 50kVA |

The SG Series is one of the most efficient and reliable Three Phase UPS Systems, providing best-in-class output performance and critical power protection for your

Galaxy VS UPS 50kW 480V for External Batteries, Start-up 5x8

Highly efficient, easy-to-deploy 50 kW, 480 V 3-phase UPS that brings best-in-class power protection to edge, small and medium data centers, as well as to critical infrastructure in commercial and industrial
