Pipe pile distribution box

Overview

This is the most versatile box on the market today. It accepts 2",3",4" and corrugated pipe. Has a heavy duty, structural rib reinforcement for extra strength and this prevents frost from adhering to the riser in frost prone areas. Goode Electric is an enterprise specializing in the production, manufacturing and sales of sheet metal parts such as stainless steel and iron distribution boxes and distribution cabinets Our company has a history of more than 20 years and has accumulated rich experience in the sheet metal industry. Secure your charging pile power distribution with our outdoor rain-proof 15-way distribution box. American Distribution Boxes are made of high-density polyethylene for years of dependable use. Inlet and outlet elevations are positioned to provide equal distribution and meet most local codes. Unlike cement-based pipe grout.
