Is there a missing reporting issue with the primary distribution box

Overview

This is likely because the option to Update the GL has been disabled (often the case when testing a new version). When I make a purchase order, and I click DISTRIBUITE AMOUNTS, I get this error " The Accounting distribution form is not available because there are no amounts to distribute" Could someone guide me?

Thanks in advance! Something went wrong generating the summary. log on the site (primary/secondary) where the DP resides. This setting is found in different places depending on what items are being posted; Invoices or. The functionality to preview invoices in PDF format using the embedded PDF viewer is not available if you are working with Electronic reporting. For other out of the box reports in D365, this functionality is available but sadly, with Electronic reporting, if you select your report destination as. When a requisition line is split, the Distribution 1 is showing charge account of the Distribution 2 When splitting a requisition line into multiple distributions from the Delivery and Billing Details section, and updating the charge account in Distribution 2, the charge account from Distribution 2. For some time, turn off the content validation on the DP. For some time, turn off the content.
