Namibia Optical Cable Terminal Box 24 Cores

Overview

FTTH 24 core fiber terminal box is suitable for the distribution and terminal connection for various kinds of optical fiber system, especially suitable for mini-network terminal distribution, in which the optical cables, patch cores or pigtails are connected. 24 core. Swanib Cables, a distributor of electric cables, transformers and fibre optic cables to the Namibian mining, utilities / infrastructure and telecom sectors has been a market leader over the past 20 years. It boasts a robust customer base which includes multi-national mining operations. The ABS high-grade plastic material of ODB. Available with 1,2,4 fibres Pre-connectorized cable Multiple lengths available Easy to through tube Protection against any risk of interference with the laser beam Security in connection cord retention The reliability of the grip of the socket on the wall DIN rail mounted application Support fiber. Efficiently manage and protect up to 24 optical fiber cores with the SMC 24 cores fiber optic termination box, featuring durable SMC construction, IP65-rated protection, and versatile wall or pole mounting for seamless indoor and outdoor installations. The SJ-ODB-24-SMC is a 24 cores fiber optic. Fiber Optic Wall Mount Box with LC Couplers for Single Mode & Multimode Fiber Optic Cable. | Fiber Box Enclosure for MPOE's, Network Rooms, and IDF Rooms.
