# Network rack cabling installation price

## Overview

Professional network cabling in 2026 typically costs $150-$250 per commercial Cat6 drop, $200-$350+ per harder Cat6A commercial drop, and $200-$400 for isolated finished-wall additions where minimum service-call labor dominates. Open-wall pre-wire lowers the per-drop cost. Network installation costs vary significantly, ranging from $2,500 to $6,000 or more, as there's no one-size-fits-all network cable installation pricing model. Want a service quote?

* Prices are market reference ranges. Equipment Costs The costs of the actual hardware that's being installed can range. According to Gartner and other studies, the average cost of IT downtimes is $5,600/minute. Medium-sized businesses experience 10-50 hours of downtime a year. In practice, for a typical Hong Kong office, it means everything from the data cabinet in your comms room to the network sockets.
