Portable Tool Kit for Fiber Optic Construction

Overview

Designed for FTTH installation and network repair, these sets include high-precision fiber strippers, cleavers, and Kevlar shears housed in a rugged, impact-resistant hard case. The ultimate all-in-one solution for fiber optic termination and splicing preparation. Fiber Tools Kit is a comprehensive toolbox designed specifically for the installation, maintenance, and troubleshooting of fiber optic networks. It integrates a range of professional tools required in the fiber optic industry, aimed at improving work efficiency, ensuring high-quality and long-term. 2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation. Rugged portable cases help keep those tools and equipment in order and easy to bring to. Five specialized categories, each tailored to specific fiber optic operation needs, with a focus on portability, efficiency, and reliability.
